## ASPO # 1 135 AMATEURS INVADE SKATER CROSS AND RIP...

Reseda, Ca.  
Sunday, Nov. 25, 1979  
By Lori

On a beautifully clear and warm day, the first of the eleven(11) ASPO AMATEUR CIRCUIT events, was launched at SkaterCross Skateboard Park in Reseda.

A total of 135 amateur entries and a large crowd of parents, friends and on-lookers, totaling over 200, made the all-day affair a great success.

Conspicuously absent from the contest were the perennial-sponsored manufacturer Teams.

But, judging from the enthusiasm of the skaters and the crowd and the intense competition, the Team hot-shoes were not missed.

On the schedule were the CROSS COUNTRY and POOL events, with Cross Country being the first event of the day.

By the time the Cross Country event was half way over, it became obvious that the POOL competition had to be started or otherwise, the entire event would run until midnight.

At this time (about 3pm) an interesting thing happened which we've never seen at any other event.

# WEEKLY GRINDERS

BY

ANITA GRIND

SIMS will be the next sponsor at APPLE SkatePark for their amateur contest on Dec. 29th. Contest will be held in their "Egg Bowl".

#####

BOOGIE BOWL is offering skateboard lessons, at no additional cost, every Sat. from 2pm to 12pm.

#####

We're looking to buy a bag of Tar and about 5 lbs. of feathers, to be used on one not so reliable source of information. We last printed that both Alba boys had left the Kryptonite fold. Our third and last mistake of the year was pointed out by one Mrs. Alba, who sent us a very nice note. Micke is still with the Colorado based company, but in fact Steve is looking for a ride.

#####

In the same vein, we may soon see an ALBA, ALVA board or is it ALVA, ALBA model? I'm sure they'll figure it out once they agree.

#####

Someone else who is now looking for a ride is George Orton. He will no longer be with VARIFLEX. One of the reasons may be age, the other may be that he has not done well in Pro competitions.

#####

We caught George in the parking lot at Marina and asked about his release.

He was very dissatisfied and "shocked". He said that he's been working very hard on all kinds of tricks and he felt that he could compete with the best of them. From his tone, and look, we've got to believe that George is going all out to prove them wrong. If any one can do it, our money is on the "bio" man.

#####

It's a good thing that Duke Rennie won the roller skating Pro event at Winchester, cause his car needed major repair.

#####

Maybe that's what it takes to win contests. Latest to win the Roller Skate Pro Slalom event at Marina was VARIFLEX's John Hawthorne. We chatted with him after the event and he too indicated that his engine was in bits and pieces ready for some major surgery. The \$250. he won for 1st, will take care of it just fine.

#####

Someone finally beat local APPLE ripper and amateur, Kenny Mollica. The hero was Glen Casmairk from Pittsburgh and the New Wave park, at the recent APPLE 1/2 pipe contest.

#####

Skateboard Mom, Gale Webb is busier than ever doing lots of demos and promoting skateboarding to the general public. On Dec. 1st she skated at the Orange County Fairgrounds, where they had over 75,000 people go through. On Dec. 7th, 8th and 9th, her and her Ocean Pacific Team were at 4 major malls in Arizona and it appears that she's booked solid through early next year. She's got a great show and if you want to contact her, call (714)894-0830.

#####

ASTRO SPEEDWAY SKATEPARK in Jenison, Michigan called us to tell us about their upcoming contest. Jan 18, 1980 is their 1st Annual Team Challenge. Pool and Banked Slalom are the events. Then, on Jan 19, they are hosting a Pro-Am for Skateboard and Roller Skates. Pool and timed obstacle course will be the event.

#####

Marina has a busy December with competitions. Dec. 1 was the Pro-Am banked Slalom, Dec. 15 is the VANS Amateur and Dec. 29-30 is the VANS Pro-Am (\$1,800) in prize money.

#####

Eddie "El Gato" Elguera is now with VARIFLEX. The long-time HOBIE skater had a long meeting with the HOBIE principals and decided that it would be best for him if he made the change. This is surprising, since HOBIE was ready to come out with the "El Gato" model. As it appears though, it was for that same reason that Eddie decided to move on. His board was not in full production and HOBIE could not guarantee when it would be out.

#####

Travel Log. Bad Brad and Andrecht, along with Rob Hughes, from SIMS are taking off to South America for some demos and a little bit of surfing. Trip starts on January 10th.

#####

Fred Blood still waiting for his wheels, was seen riding "Park Riders" at the recent Marina contest. He claims. they are fast and excellent for the Slalom course they had laid out. He expects his wheels in the next two weeks.

#####

CONTD. NEXT PAGE

## GRINDERS

Z-Products, in Santa Monica has come out with their "Beam Slider". It's for their "winger" model but it will also work on the Tri-plane and Alva boards. It protects the center of the board from truck to truck.

#####

We also heard that Z-Boy, Jimmy Plummer is in Florida, where he helped design the new pool at KONA Skatepark. It's a double kidney.

#####

Spring Loaders, may be the next new "trick" setup for your board. It fits under the truck and with a slide of a bar, you can adjust tension, control rebound and compensate for different weights. Dave Decausin and Scott Comstock hold the patent and both have been skating with the "spring loaders" around the SkaterCross and Marina area with great success. Soon to be on the market, the item may retail for \$10.95.

#####

Alan (the mouth) Gelfand and Mike (Gerber) McGilli (POWELL TRACKER) apparently are just tearing Florida's contest circuit. Any place they skate they finish one, two. Another POWELL/TRACKER star amateur is Jamie Godfrey, who recently blazed Cherry Hill's amateur contest with a solid first.

#####

No time ever, had we seen five park owners/ representatives, working together on one contest to make it a success, as we witnessed at the first ASPO AMATEUR at SkaterCross. Far out. Maybe that's what'll take to make skateboarding a legitimate sport. Check out the story and results in this paper.

#####

It had to be one of the largest entries ever seen for an amateur contest and based on most opinions it will get bigger as the CIRCUIT gathers momentum. SkaterCross reported 135 amateur entries, and they expect over 200 in

subsequent ones. The next one is at PARAMOUNT, Dec. 22, where you get more ASPO points.

Several of the Park owners and managers on hand, took over and assisted owner Lou Peralta, in starting the Pool competition.

Gentlemen like Terry Wolf (BIG O owner), Jim Lindsey (OASIS manager), Wayne Searle (Del Mar manager) and Greg Taie (Skate City mgr.) all pitched in to help run the competition and keep the momentum going.

All these gentlemen appear to have one thing in common, and that is to not only help each other out, but to try to make this CIRCUIT and all amateur competition, a great success and fun for all.

Lonnie Peralta ripping on the Cross Country course at SkaterCross, to 1st. in both events.

There were a total of 20 different Amateur categories and age groups.

The Park Team, 10 & under class, was the first to start the competition, off the tall, take off run, at SkaterCross' famous "snake" run.

That class was then followed by the Park Team 11-12, 13-14, 15-17 and Open classes,

The Unsponsored amateurs followed then in identical age breakdown. Then it was the small, but eager contingency of Sponsored amateurs and finally the GIRL Skateboarders, GIRL Roller Skaters and MEN Roller Skaters.

The CROSS COUNTRY event was layed out, using most of the snake run. A combination of pylons and flagged-dividers, kept the skaters on the course. In addition, numbers were placed or "stuck" on various parts of the walls/banks, which skaters had to follow and skate-over, in sequential order.

For each missed number, an additional 1/2 second was added to the skaters elapsed time. Four missed numbers constituted a DQ, although each skaters time was recorded for overall standings.

Roland Cobalis (COLTON) edge to 1st place Pool (13-14)

The POOL event was run in the "brown tile" pool or the 10 foot pool.

Three days before, the pool had been acid-washed and the plaster was perfect, nice and grippy, but smooth enough to pull off any slide or rock walk desired.

SkaterCross opened at 7am. for practice and front gates were opened at 9am for all spectators.

The event was scheduled to start at 11am, after 10:30 am. practice deadline.

But, a bus load of San Diego skaters did not arrive until about 10 am.

Lou Peralta then decided to extend the practice for an additional hour, to make sure everyone had sufficient time to get used to the Park.

An interesting sidelight is that all three San Diego area parks, OASIS, DEL MAR and WHIRLIN' WHEELS, got together and chartered a bus to, not only bring their teams, but also bring to Reseda, any amateur who wished to compete.

Talking about gas conservation! This is a great idea that other parks will also be using during the course of the ASPO season.

This group of Park owners and representatives, is going all out to encourage excellent amateur skateboard competition.

There were 114 trophies to be given out for 1st, 2nd & 3rd places.

UNIDENTIFIED FLYING OBJECT  
We don't know who the skater is, but we liked the picture.

## CROSS COUNTRY

In this event, Robbie Wagener(SkaterCross 10 & under; Les Perlman(SKX 11-12); Kevin Reed(Paramount 13-14); Tim Sweet(SKX 15-17) and Ray Finner(SKX Open), took First place trophies in the Park Team Class.

Lonnie Peralta(not related to Stacy, but related to Lou, SkaterCross owner) took the 10 & under Un-sponsored class first place trophy.

Also Chris Miller(Clairmont 11-12), Darren Price(N. Hollywood,13-14); Mike Roberts, (Arleta, 15-17) and Kent Douglas(Orange, Open); qualified with best times, to earn first place and trophy.

In the Sponsored Class, 1st place winners were: Kenny Stelmanski(Gull Wing, 11-12); Mike Hirsch(VARIFLEX 13-14); Steve Lippman(TRACKER, 15-17) and Ross Yamamoto(Marina, Open class).

There was a small turnout of girls.

Liza Foreman(SkaterCross) took first place in the skateboarding class (14-16)

Roller Skating class, saw Shari Miller become the fastest woman around the snake run and win the event.

In MEN's Roller Skate class it was a surprising Mark Webb(never having skated a

Matt Goodman, unsponsored from Escondido, 2nd.(10 & -)

park before, except for two weeks before this event) who just beat, local favorite Paul Votava.

## POOL

Because of the delay in the start of the program and the extended practice session, many of the skaters who arrived early to practice, had plenty of time to get the POOL wired.

Emerging on top in their class and age group were:

**CONTD P. 8 COL. 1**

## ASPO # 1 FROM P.5

Robbie Wagener(SKX, 10 & under); Doug Cobalis(Colton, 11-12) and his bro. Roland Cobalis(also Colton, 13-14); Lance Mountain (Skate City, 15-17); Rusty St.Cyr(Pipeline, Open), for the Park Teams.

For the Un-sponsored division it was once again Lonnie Peralta( 10 & under); Chris Miller( 11-12); Mark Takahashi(Canoga Park 13-14); Tracy Ebert( N. Holly. 15-17) and Kent Douglas (Orange, Open).

Bob Serafin(Big O, 13-14); Steve Lippman( 15-17) and Pat Cornelius( MEGATRON, Open) won the Sponsored Class.

Liza Forman(GIRLS Skaters); and Shari Miller(GIRLS Roller Skater) grabbed another First place trophy.

Mike Pacheco, South Gate, backside shorts burn-out, at SkaterCross.

In the MENS Roller Skates, this time it was Paul Votava taking the win, followed by Mark Ngohe(BLOOD) in second.

Competition ended at 8:15 pm, exactly eight hours after it had started.

Second in Pool(Open), Marlon Whitfield, Marina team.

The interesting thing was that the same intensity that prevailed earlier was there when the last skater finished.

Trophies were awarded, immediately after each class and age group was computed, so that those people that were finished with the two events could go home early and not have to wait for the final event.

An interesting footnote.

Many of the kids that competed, while perhaps not winning trophies, were heard to be really stoked about the point system and how they can continue to earn ASPO Points, by just making as many events as they can.

Complete results and current ASPO POINTS STANDINGS are in the "Result" section of this paper.

Next ASPO event is at PARAMOUNT SkatePark in Paramount on December 22.

You can pick up a poster with all the dates and also the entry blank, at any ASPO Park.

#####

This guy tried to pass for an amateur(above) but was caught due to ripped shoes and torn pads, sure signs of Pro ranking. Guess who.

2,000,000 take-offs and 3 years later, Ray Allen's-designed ramp still active at SkaterCross' "snake run".
